# About us

We're Scouts and everyone's welcome here. All genders, races and backgrounds. Every week we give almost half a million people aged 6-25 the skills they need for school, college, university, the job interview, the important speech, the tricky challenge and the big dreams: the skills they need for life.

At a time when communities are becoming more divided, we bring people together. When many young people are struggling to find purpose and belonging, Scouts helps them develop skills, confidence and a sense of hope. We inspire positive futures and help young people find their place in the world by developing the character, employability and practical skills they need to succeed.

**'Scouts made me a do-er and a give it a go-er. Made me question and listen and have a wide-open mind. Scouts made me take a deep breath and speak up. Made me think on my feet, made me see the big picture, made me ignore the butterflies and go for it. Scouts made me get back up and try again. Made me think about what's next, and plan for it. Made me jump in, get muddy, give back and get set.'**

## What do Scouts do?

Scouts take part in a wide range of activities as diverse as kayaking, abseiling, expeditions overseas, photography, climbing and zorbing. As a Scout you can learn survival skills, first aid, computer programming or even how to fly a plane. There's something for everyone. It's a great way to have fun, make friends, get outdoors, express your creativity and experience the wider world.

## What do volunteers do?

Helping young people develop skills for life is only possible thanks to our team of adult volunteers, who support Scouts in a wide range of roles from working directly with young people, to helping manage a local community based Group, to being a charity Trustee. We help volunteers get the most out of their experiences at Scouts by providing opportunities for adventure, training, fun and friendship.

Our award winning training scheme for volunteers means that adults get as much from Scouts as young people. Our approach focuses on what you want to get out of volunteering with Scouts, while respecting how much time you can offer. Over 90% of Scout volunteers say that their skills and experiences have been useful in their work or personal life.

# Our strategic plan

**By 2023 we will have prepared more young people with skills for life, supported by amazing leaders who deliver an inspiring programme. We will be growing, more inclusive, shaped by young people and making a bigger impact in our communities.**

Society is changing. In often fragmented communities, the pressures and expectations on young people are increasing. The future is uncertain. Scouts has never been so important in helping young people prepare for the future, developing the skills they need to succeed in a changing world. Each week almost half a million young people enjoy fun, friendship and outdoor adventure. They develop a sense of optimism and strong values as well as the leadership and team working skills that are more valuable today than ever.

Our movement achieves remarkable things. Our previous plan, Scouting for All, inspired new Groups and sections to start in an additional 834 areas of deprivation since 2013. We now help over 460,000 young people aged 6-18 (including the highest number of girls in our history) get the best possible start in life.

Now we want to go further. Skills for Life is a strategy that supports and empowers our volunteers who are the people that make Scouts a reality. It's a strategy to bring communities together and contribute towards a better society. But most of all, it's a strategy for young people. They deserve the best skills, the best support, and the best possible futures.
